

Eastern York School District

Golden Knights Champion Sponsor Program

Eastern York School District is excited to announce the new Golden Knights Champion Sponsor Program. Participants will increase the community's awareness of their organization while providing financial support to the district's educational programs.

Eastern York School District has an average enrollment of 2,500 students within its three elementary schools, middle school, and high school. The district provides a high quality education to families in Hellam and Lower Windsor Townships, and, the boroughs of Wrightsville, Hallam, East Prospect and Yorkana. Through the use of traditional classroom settings, collaborative hybrid learning, and advanced technology, students learn the skills necessary to become life-long learners and future leaders.

The Champion Sponsor Program provides local organizations and businesses an opportunity to invest in the future of Eastern York students. At the same time it increases their exposure to the community and identifies them as a sponsor of the community's students. Champion participants have the option of advertising in the High School stadium or gymnasium, or both, for an annual donation. Below are the initial program options.

Champion Sponsor Program participation options:

- Stadium Banner: 4'x8' for an annual donation of \$500
- Gymnasium Banner: 3'x5' for an annual donation of \$1,500
