

Kreutz Creek Parents

School districts demonstrate a commitment to providing a quality education to children in many ways. One of those avenues is through their concern about the level of good nutrition for children in addition to the role it plays in enhancing academic development.

Studies have shown that with a proper nutritious breakfast

1. Student Test Scores have improved.
2. Student Attendance has improved.
3. Students are more attentive.
4. Tardiness and disciplinary problems have decreased.
5. Visitation to the nurse s office between breakfast and lunch have decreased.
6. Teachers state that taking attendance and other morning duties is easier.
7. Secretaries noted that there are fewer students in the office in the morning.

The Food Service Department of Eastern York School District has instituted a **Breakfast Program** at Kreutz Creek Elementary effective 8/30/04.

Please review the following details about the program:

Eligible: _____ All students regardless of income status.

When: Served every morning 8:45 AM to 9:00 AM (There are no breakfasts served during school delays.)

Location: Kreutz Creek Cafeteria

Menu: Breakfast menu is printed on the back of the lunch menu for easy access. Cold food items such as cereal are offered everyday with the exception of Wednesday when a hot meal is prepared. Milk, fruit, and juice are offered daily.

Cost: The price of breakfast is \$.75 per day. Those students eligible for free and reduced priced lunches also qualify for free and reduced priced breakfast @ \$.30. Participants are encouraged to purchase a five day ticket the first day of the school week.

Supervision: Provided by the staff as needed.

Thank you,
J. Zamulinsky, FSD
